*Hug! Hug! Hug! I am gonna give you
A thousand times of hugs, as I did in my dreams for the past month!
Please have a seat in that old rocking chair and
Put up your heavy feet! Please close
Your eyes and send your nose a message..... My Dear*

*Mother, Carnations of different kinds from all around are floating
On your way, bundled up
Together with thousands of kisses and hugs from your
Home-or hospital-bound children during this
Epic period of pandemic! The fragrance of carnations has a mission to
Recollect all the tiny memories. Proudly, it
'S been given a super visa to*

*Deliver petals and petals of hearts at this lovely and
Adorable moment to YOU, MOTHER, who's been
Yearning for your all-time babies' attachment!*
